

2024 Annual Action Plan

(July 1, 2024 – June 30, 2025)

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The FY2024-25 Annual Action Plan constitutes the fifth year of the 2020-2024 Five-year Consolidated Planning period.

The City of Roseville (City) will receive \$707,089 in Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) for FY2024-25 (July 1, 2024 through June 30, 2025). CDBG funds are designated for the promotion of affordable housing and community development programs for lower-income residents. The FY2024-25 Annual Action Plan provides an overview of the City's use of CDBG funds to address community needs established in the 2020-2024 Consolidated Plan.

Federal regulations require that at least 70% of CDBG funds must be used for projects that primarily benefit persons under the Low- and Moderate-Income limit defined as persons from households at or below 80% of Area Median Income (AMI) for Placer County. Low- and Moderate-Income persons and households are referred to as Low-Income throughout this document. The remainder of CDBG funds may be used to address slum and blight, or to address an urgent and unexpected community need such as floods or earthquakes.

Under CDBG regulations, projects serving an area with 51% or more low-income residents may be eligible for CDBG funding on an Area Benefit basis using census data. An exception is allowed for communities with few or no qualifying areas. The City of Roseville was determined to be an Exception Grantee for FY2023-24. Projects serving census tracts and block groups with 46.81% or more low-income residents may qualify for Area Benefit. Exception Grantee status may change each year, depending on HUD calculations of income estimates. This information will be updated for the FY2024-25 grant year when it is available.

The City of Roseville's Housing Division is the lead agency responsible for the development of the Consolidated Plan and Annual Action Plan. The Housing Division is also the primary agency responsible for the administration and management of programs and projects covered by the Consolidated Plan and identified in the Annual Action Plan (Plan).

The City plans to incur costs for FY2024-25 CDBG activities prior to the award of funds. These costs will be limited to those that the City has found to be necessary for the efficient and timely performance of the CDBG program and the funded activity. Costs will not be incurred prior to the completion of the public comment period, and not prior to the approval of the Annual Action Plan by the City Council. Pre-award costs will not exceed one-half of the estimated award. Pre-award costs will be funded from the FY2024-25 award only. Subsequent award years will not be impacted.

The City will utilize CDBG funds as well as other Federal, State and local resources, including its Section 8 Housing Choice Voucher Rental Assistance Contract, State of CA HOME Funds, and local developer contributions to address housing and community development priority needs identified in the Consolidated Plan.

The Annual Action Plan identifies a variety of activities, including public services, public facility improvements and housing activities the City proposes to undertake during the FY2024-25 grant year to meet underserved needs identified in the Consolidated Plan. In addition, the Action Plan discusses the actions the City will take to address: lead-based paint hazards; barriers to affordable housing; housing needs of households at or below the poverty level; and Fair Housing resource needs. All proposed activities address the CDBG primary national objective of addressing the needs of Low- and Moderate-Income persons.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City will allocate investment of resources on a city-wide basis for affordable housing programs such as the Section 8 Housing Choice Voucher and Owner-Occupied Housing Rehabilitation Program. In addition, rental and purchase units provided under the City's 10% Affordable Housing Goal will be offered on a City-wide basis.

Activities identified under the public service category and targeted to special needs populations will be offered on a city-wide basis and/or where resources can be coordinated with existing facilities or services.

The FY2024-25 Annual Action Plan allocates \$533,922 in CDBG funding to activities/programs that address the need for affordable housing and the need to address homelessness, identified as High Priority Needs in the 2020-2024 Consolidated Plan.

The City will continue to apply for funding and/or support applications by service providers to expand affordable housing opportunities as well as homeless assistance and supportive services consistent with the Consolidated Plan.

Affordable Housing —The Roseville Housing Authority will apply for additional Section 8 Housing Choice Vouchers, if made available, to increase the number of extremely low and very low-income households receiving rental assistance. The City will continue to implement the City's 10% Affordable Housing Goal to increase the number of rental and purchase units affordable to very low, low, and moderate income

households; support private development of affordable housing using Low Income Housing Tax Credits (LIHTCs), Tax Exempt Bond financing, and city and state Local Housing Trust Funds (LHTF); utilize HOME (state) Program Income funds in order to continue to expand the City's Housing Rehabilitation Programs for low-income households. Under this plan, the City will allocate CDBG funding towards development of housing affordable to Low-Income Households.

Homeless — The City will continue its efforts to meet the underserved needs of the homeless population through participation in a county-wide Continuum of Care process.

Supportive Services — The City will continue its support of applications by public and private social service agencies to expand support services to help meet underserved needs. The City will provide CDBG funding for a variety of public services in Roseville.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

During FY2023-24, the City expended CDBG and CARES Act CDBG-CV funds on eligible activities that primarily benefit low- and moderate-income persons. The City implemented programs to achieve its goals as specified in the Consolidated and Annual Action Plans using CDBG funds for affordable housing and public services by focusing on the needs of the most vulnerable populations, which included seniors, the individuals and families who were homeless, and those at-risk of becoming homeless. Additionally, with the use of CDBG-CV funds, the City also made progress towards the goal of preventing, preparing for, and responding to the impacts of the COVID-19 virus.

Over the last year, the Housing Division assisted 1,328 low income persons, and five low income households through the use of CDBG and other housing and community development funds. During FY2023-24, \$1,826,130 from federal, state, and local funding sources was spent for blight removal, housing rehabilitation, public services, affordable housing, and homeless shelter and prevention services. Funding included payment of Housing Division administrative expenses to manage these programs.

The Roseville Housing Authority (federal rental assistance program) assisted 769 households with \$7,933,095 million in rental subsidies. This includes regular Housing Choice Vouchers, Non-Elderly Disabled (NED) vouchers, Veterans Affairs Supportive Housing (VASH) vouchers, Mainstream Vouchers, Emergency Housing Vouchers and Project-Based Vouchers.

The City uses other Federal, State and local resources when available, including Housing Choice Voucher Rental Assistance Contracts, State of CA HOME Funds, and local developer contributions to address housing and community development priority needs identified in the Consolidated Plan.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Throughout the preparation of the Annual Action Plan, City staff sought input and collected data for the Plan from interested citizens, housing providers, service providers, local agencies and non-profit organizations. The City encouraged others to participate in the development of the Plan via public notice and invitations to a public meeting to more than one hundred regional and local services agencies, non-profit organizations, city staff, and interested individuals. Notices were published in the *Roseville Press Tribune* in both English and Spanish. Notices were emailed to community organizations serving low-income and homeless populations, the Hispanic community and service providers.

A virtual Community Meeting was held on January 10, 2024. For those unable to attend the public meetings, the invitation encouraged written comments be submitted. All comments were accepted.

The January 2024 meeting began the Action Plan process; the purpose of the Plan was discussed and those attending were encouraged to identify community needs and proposed strategies for meetings those needs. The meeting also discussed the FY2024-25 application process for CDBG funding. Eighteen staff from fourteen different service agencies attended the workshop.

Notices of funding availability were published in the *Roseville Press Tribune* in both English and Spanish. Notices were emailed to community organizations serving low-income and homeless populations, the Hispanic community and service providers.

Applications for funding requests for FY2024-25 were accepted online. The City received eight requests for public services grants totaling \$331,072.

Funding for the public services category is subject to a 15 percent federal cap. According to the City's FY2024-25 grant year allocation of \$707,089, plus 15% of program income received in FY2023-24 (\$12,311.17), the estimated amount available for public service activities will be \$118,374.45.

The public comment period was from March 30, 2024 through May 1, 2024. The public hearing was held before the Roseville City Council on May 1, 2024. No comments were received. Notices were published in the *Roseville Press Tribune* in both English and Spanish. Notices were emailed to community organizations serving low-income and homeless populations, the Hispanic community and service providers.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City provided notice to dozens of local agencies and individuals on the City's grants interest list, published notices in both English and Spanish, and provided a public comment period in excess of the required 30 day period. No comments were received.

6. Summary of comments or views not accepted and the reasons for not accepting them

There were no comments that were not accepted.

Community Needs and Applicant Workshop

On January 10, 2024 the City held a virtual community meeting to solicit public comments on local priority needs that guided the preparation of the City of Roseville's FY2024-25 Annual Action Plan. The meeting also discussed the FY2024-25 application for CDBG funding. Eighteen staff representing fourteen agencies attended the CDBG FY2024-25 Community Workshop. Agencies present were: Blue

Line Arts, City of Rocklin, Compassion Planet, GRID Alternatives North Valley, KidsFirst, Latino Leadership Council, NG Alexander Real Estate Development LLC, Placer Veterans Stand Down, PRIDE Industries, St. Vincent de Paul, Stand Up Placer, The Petal Connection, Upwards, and Volunteers of America. One grant writer not associated with an organization was also present.

When asked to comment on what the service providers see as current most critical needs in relation to the high priority needs in the Consolidated Plan, responses from various service providers were received. Several service providers emphasized the continued need for housing, emergency housing, and facilities for those at risk of homelessness. One organization noted that those in domestic violence situations are impacted as victims are ending back up with their abusers due to lack of options for housing. There were also a couple of comments regarding the need for hotel vouchers or rental assistance to assist the most vulnerable populations. Lastly, a childcare organization noted that there are childcare needs within the City and that there are residents that cannot afford or access childcare. Overall, most comments received reiterated that two of the three high priority needs in the Consolidated Plan (affordable housing, addressing homelessness) were still critical needs for Roseville residents. All comment was accepted.

Draft Annual Action Plan Publication

On March 29, 2024, the draft 2024 Annual Action Plan for CDBG was made available for review at the City's Housing Division Office 316 Vernon Street, Ste. 150, and on the City of Roseville Housing Division CDBG page

https://www.roseville.ca.us/residents/affordable_housing/community_development_block_grant_cdbg/

The draft 2024 Annual Action Plan was also published as part of the agenda for the May 1, 2024 City Council meeting. Please see the attached agenda report and minutes of the meeting.

Copies of the document were made available to the public free of charge within five days of a request.

30 Day Public Comment Period

The draft Action Plan was made available for public comment from March 30, 2024 to May 1, 2024. No comments were received.

Public Hearing

On May 1, 2024 the City Council will hold a public hearing at a regularly scheduled meeting. In addition to the public notices described above, the City publishes the agenda of City Council meetings.

The public was afforded the opportunity to address the Council at the hearing. No comments were received. The City Council resolved to adopt the FY2024-25 Annual Action Plan and staff recommendations for funding as presented.

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	ROSEVILLE	Economic Development Department - Housing Division

Table 1 – Responsible Agencies

Narrative (optional)

The City of Roseville Housing Division is the lead agency responsible for the development of the Consolidated Plan. The Housing Division is responsible for administration of the Community Development Block Grant (CDBG) program, HOME funding, the Roseville Housing Authority and City housing programs such as the Owner-Occupied Housing Rehabilitation Program; in addition to programs and projects supporting affordable homeownership, housing stability and maintenance of affordable housing stock.

The mission of the Roseville Housing Division is to serve the citizens of Roseville by:

- Providing affordable housing opportunities in a safe environment.
- Revitalizing and maintaining neighborhoods.
- Forming effective partnerships to maximize social and economic opportunities.

Roseville is located in Northern California, north of Sacramento, in southwestern Placer County. The City’s geography is primarily rolling hills and grasslands. The City was originally a “railroad town” and in the early 1900’s was a major railroad service center. The railroad played a role in the development of early Roseville. Other factors that have impacted the City’s development have been the construction of Folsom Dam and completion of Interstate 80 in the 1950’s. These projects impacted Roseville’s growth by shifting the development of business, commercial, and residential development to “East Roseville”. The City has continued to grow outward in all directions. In addition to the city’s core, Roseville currently has fourteen specific plan areas and growth has provided a wide variety of residential, business, commercial and industrial development.

The majority of the City's older, low-income housing stock and business/commercial areas are located in the City's core, near the rail lines. Based on the 2015-2019 American Community Survey, HUD estimates that 33.1% of Roseville residents are at or below 80% of the Family Area Median Income (AMI) for Placer County. This document refers to persons at or below 80% AMI as "low-income". This Plan focuses on developing strategies to address the needs of low-income Roseville residents.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The consolidated planning process requires jurisdictions to contact and consult with other public and private agencies when developing the Annual Action Plan. The Plan itself must include a summary of the consultation process, including identification of the agencies that participated in the process. Jurisdictions are required to summarize their efforts to enhance coordination between public and private agencies.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In preparing the Annual Action Plan, the City consulted with various organizations located in Roseville and Placer County that provide services to low-income residents of Roseville. In many instances, these consultations are part of ongoing interactions between Roseville's Housing Division and the agency or group described.

City of Roseville

1. City Council - Conducts a public hearing prior to authorization of the submission of the Consolidated Plan and Annual Action Plan to HUD.
2. City of Roseville Housing Division - Responsible for development of the Consolidated Plan and Annual Action Plan governing the use of CDBG funding, including the citizen participation process. Administers the CDBG program and State of California HOME funded activities.
3. City of Roseville Development Services Department Planning Division - Reviews CDBG and HOME funded development projects to determine whether proposed development activities comply with the General Plan and Zoning Code; is responsible for drafting the Roseville General Plan 2035, adopted in 2020, including the Housing Element which was updated and certified in 2021. The update has been cited throughout this Plan as the Housing Element of the General Plan 2021-2029.
4. City of Roseville Economic Development Department - Provides assistance with business needs such as starting or expanding a business, finding a site, or connecting with other City services.
5. Roseville Housing Authority - Addresses the housing needs of extremely low- and low-income residents in the City through a variety of programs including the Housing Choice Voucher Program.

County of Placer

1. Placer County Community Development Department, Planning Services Division - Coordinates the housing programs and funding. Responsible for drafting the Placer County General Plan Housing Element, as well as an incentive program intended to encourage the development of new affordable housing units in the unincorporated areas.
2. Placer County Department of Health and Human Services, Behavioral Health Division - Provides information regarding the needs of Placer County residents who have mental disabilities. Representatives of this division also participate in various Continuum of Care working groups.
3. Placer County Department of Health and Human Services, Public Health Division - Provides information regarding the potential of lead-based paint hazards in the county.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Significant aspects of the Consolidated Plan development process included consultations with the Homeless Resource Council of the Sierras (HRCS) which acts as the Nevada-Placer Continuum of Care (CoC), Placer Collaborative Network (PCN), and the Placer Consortium on Homelessness (PCOH). Efforts to address the needs of homeless persons are described in greater detail later in this Plan.

The PCOH, a regional planning group of the HRCS, addresses the needs of all homeless subpopulations, including: domestic violence victims; persons with mental illness, substance abuse, and HIV+/AIDS; veterans; and youth. Current and formerly homeless individuals attend PCOH meetings. Other representatives include members from the faith-based community, nonprofits, businesses, and City and County government. The consortium's annual submissions to HUD reflect the demographics, needs and available shelter, housing, and services in all three HUD entitlement grantees within its jurisdiction in order to provide a cohesive shelter system throughout the County. The Food Closet Collaborative coordinates the work of over 14 food closets in conjunction with the Placer Food Bank.

A complete inventory of facilities and services provided throughout Placer County, including Roseville, is identified on the Homeless Resource Council of the Sierras Continuum of Care website at <https://hrcscoc.org/hmis/#resources-and-forms>.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Homeless Resource Council of the Sierras (HRCS) Governance Board

The City of Roseville collaborates with HRCS (the Nevada-Placer Continuum of Care) to address the needs of persons experiencing or at risk of homelessness. The HRCS Governance Board works toward

developing a continuum of services where the ultimate goal is to prevent and eradicate homelessness in Nevada and Placer counties. Efforts are aimed at permanent solutions, and the range of services is designed to meet the unique and complex needs of individuals who are currently experiencing homelessness or are at risk of becoming homeless. The Governance Board responds to and implements HUD's Policy and Program Priorities. The Governance Board also oversees all planning processes, the regional planning groups, committees, and the CoC Program and Emergency Solutions Grant (ESG) application processes. A HRCS subcommittee, Outcomes and Measurements, administers the Rating and Ranking Committee and its process of ranking applications. Issues are framed at the Board level; they are then considered by the three regional planning groups. Recommendations are sent back to the Governance Board, which makes the final decisions.

Regional Planning Groups

Three Regional Planning Groups are directly involved in CoC-wide planning activities including setting priorities, reviewing performance data, project review and selection, discharge planning, the Consolidated Application, conducting homeless counts, and 10-year plan coordination. Each addresses homelessness in its own area and then forwards that information to the Governance Board. The Placer Consortium on Homelessness (PCOH) covers the more populated western part of Placer County that includes Roseville, Rocklin, Lincoln, Loomis, Auburn, and the foothills. The Nevada County Coordinating Council addresses Nevada City, Grass Valley, North San Juan, Penn Valley, and Alta Sierra. The Tahoe Truckee Homelessness Group covers both counties in the greater North Lake Tahoe and Truckee region.

These regional planning groups ensure that homeless needs from all areas of the CoC are represented. The groups are very inclusive, and all those involved with homeless issues are recruited. The CoC supports currently or formerly homeless individuals in attending; extensive e-mail to listserv groups is used to reach out to all sectors of the CoC areas. The HRCS Board is representative of all areas of the CoC and all targeted homeless populations.

Outcomes and Measurements

The Outcomes and Measurements Committee addresses the CoC's overall outcomes, application ranking, as well as monitoring the writing of the homeless strategies plan. The Committee sets selection criteria and organizes the Rating and Ranking panels for specific funding sources such as the CoC Program and ESG funds. The Committee is responsible for developing performance measurements and reviews all CoC Program and ESG-funded projects on an annual basis. The Committee presents its work to the regional planning groups and the HRCS Governance Board.

The Outcomes and Measurements Committee uses a rating and ranking panel that is responsible for developing, implementing, and improving the Coordinated Assessment process and the ESG Written Standards for identifying areas where the CoC Program and the ESG Programs should be integrated. No jurisdiction within the two counties receives ESG funds directly from HUD; therefore, the agencies must apply to the California Department of Housing and Community Development (HCD) for ESG funds.

Narrative (optional)

Broadband issues are a concern for low-income residents. The City’s Housing Authority has provided information regarding low cost internet service to its clients, and information has been advertised through the City’s social media and city newsletter platforms. This service is called the Affordable Connectivity Program and it provides households \$30 a month to cover the cost of internet service. Regarding disaster resiliency, the City has a partnership with Placer County’s 211, which provides residents with information, local services, emergency or disaster recover assistance. Additionally, the City has an Emergency Management Team that operates during emergencies but also meets regularly to be prepared for emergencies of all types. The City will continue to seek consultation on this in the future and continue to work to address these issues as they come up.

The City’s Analysis of Impediments to Fair Housing Choice (AI)/Assessment of Fair Housing (AFH) was conducted as a regional effort with 15 other jurisdictions and housing authorities and was effective as of February 2020. The extensive research, data analysis and outreach efforts conducted in the development of the Sacramento Valley Analysis of Impediments to Fair Housing indicated a need for continued fair housing counseling and education to Roseville tenants and landlords. The City consulted the AI to aid in the development of the Plan by including an activity to contract with a fair housing services provider. This will allow the City to continue providing low-income Roseville residents with fair housing counseling and education for tenants and landlords regarding rights and responsibilities under federal and State fair housing law. 1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The City receives calls throughout the year and makes note of needed projects. The City also attends stakeholder meetings to hear and make note of the needs of the community. Finally, the City holds a community meeting, a public hearing, and publishes a public notice in the local English paper. To address the Spanish speaking community, the City posts the public notice translated to Spanish in the same local English paper, as well as on the City website. The City also sends the public notices to the Latino Leadership Council, a local organization comprised of various non-profits and agencies, in order to provide outreach to the Spanish-speaking community in the region.

The workshop was noticed in a variety of ways, including via the City's webpage, in the local newspaper, email lists, and City Hall. Notices were emailed to community organizations serving low-income and homeless populations, the Hispanic community and service providers. Eighteen staff representing fourteen agencies were in attendance.	When asked to comment on what the service providers see as current most critical needs in relation to the high priority needs in the Consolidated Plan, responses from various service providers were received. Several service providers emphasized the continued need for housing, emergency housing, and facilities for those at risk of homelessness. One organization noted that those in domestic violence situations are impacted as victims are ending back up with their abusers due to lack of options for housing. There were also a couple of comments regarding the need for hotel vouchers or rental assistance to assist the most vulnerable populations. Lastly, a childcare organization noted that there are childcare needs within the City and that there are residents that cannot afford or access childcare. Overall, most comments received reiterated that two of the three high priority needs in the Consolidated Plan (affordable housing, addressing homelessness) were still critical needs for Roseville residents. Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

During the five-year Consolidated Plan period, the City estimates receipt of \$700,000 annually in CDBG funds from HUD and \$50,000 annually in program income generated by previous CDBG funded activities. The City primarily uses CDBG funds for public services, housing and homeless activities and administrative costs. The table below provides a breakdown of anticipated CDBG funding over the first year of the planning period.

In addition to CDBG funding received directly from HUD, the City currently has approximately \$2,258,000 in State of CA HOME Funds (all Program Income) available for housing rehabilitation and administrative costs. One project identified to receive funding from State of CA HOME Funds is HomeKey Sunrose project totaling \$1.5M. State of CA HOME Funds may also be used for the First Time Homebuyer program.

CDBG	public - federal	Acquisition Admin and Planning Housing Public Services	707,089	50,000	0	757,089	0	HUD has announced that the City of Roseville is awarded \$707,089 in CDBG funds for FY2024-25. The City anticipates receiving \$50,000 in CDBG program income available for FY2024-25. There are no prior year resources available as of the date of this plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City's CDBG and State of CA HOME Funds are often coupled with local funds, allowing capital projects to compete for tax credits, bonds, and other state financing programs. An investment by the City makes projects more competitive under many funding programs. The City's public service grants are limited to \$25,000 to encourage programs to use CDBG as leverage for other funding sources. The City uses local funds as explained below to leverage CDBG public service funding available for low- and moderate-income residents.

The HUD CDBG Entitlement program and the State HOME program do not require matching funds. However, the City is committed to being as creative as possible to seek local, state, federal, and private resources to develop and deliver efficient and cost-effective projects.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City owns one piece of surplus property which is in the process of being sold to an affordable housing developer. The property is located at the corner of Royer Street and Taylor Street and as part of the City's Downtown Specific Plan, will be used for 100% affordable housing development.

Discussion

The City of Roseville Citizen's Benefit Fund was established in 1993 following the sale of the city-owned Roseville Hospital. The proceeds were placed in a trust and a portion of the interest earned each year is made available for grants with the purpose of improving the quality of life for the citizens of Roseville. Public agencies, schools and non-profit 501(c)3 or 501(c)4 are eligible to apply.

The Roseville Employees Annual Charitable Hearts Fund (REACH) is a community giving fund created through the generosity of Roseville employees and retirees. These employee-donated funds are dispersed to local charitable organizations that serve youth, seniors and families in the South Placer County region.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

All projects address priority needs in the 2020-2024 Consolidated Plan. CDBG Applications were evaluated based on the following criteria: meeting a CDBG National Objective, CDBG eligibility, performance on prior year grants, monitoring compliance, administrative capacity, project feasibility and fiscal responsibility. Remaining funds were allocated to the development of affordable rental housing, a high priority need as identified in the Consolidated Plan and the Roseville Owner-Occupied Housing Rehabilitation Program.

Community and local service providers identified the need for more affordable housing as a high priority for Roseville. The most significant obstacle to creating affordable housing is the high cost of development in the region and throughout California. The Roseville Housing Division will continue to work with affordable housing developers to increase housing opportunities available and affordable to low-income residents over the course of the five year Consolidated Plan.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Roseville does not allocate funding on a geographic basis. Funds are allocated to organizations and projects providing low-income households with housing and supportive services, and to activities addressing the needs of low-income neighborhoods. The City prioritizes the use of CDBG, HOME and other federal and State funding for the development and preservation of affordable housing serving low-income households and addressing homelessness.

The City allocates investment of affordable housing resources on a citywide basis. The City’s affordable housing programs include the Housing Choice Voucher program and the Owner-Occupied Housing Rehabilitation program. In addition, rental and purchase units created under the City’s 10% Affordable Housing Goal are offered on a citywide basis. Public service activities targeted to special needs populations are offered on a citywide basis and/or where resources can be coordinated with existing facilities or services.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Affordable housing is one of the highest priority concerns identified in the consolidated planning process. Increasing opportunities for affordable housing is a goal of the City Council 2020-2024 Strategic Plan. The development of affordable housing is constrained by the cost of land, construction, fees and financing. The City of Roseville is committed to maintaining the existing affordable housing stock and increasing the supply of affordable housing available to low-income families. The numbers in the charts below represent housing activities planned for FY2024-25, including development of affordable rental units, temporary rental and utility assistance, and rehabilitation of owner-occupied housing.

Discussion

The City prioritizes the use of CDBG, HOME and other federal and State funding for the development and preservation of affordable housing serving low-income households and addressing homelessness. The City’s affordable housing programs include the Housing Choice Voucher program and the Owner-Occupied Housing Rehabilitation program. In FY2024-25, the City will provide CDBG funds to developers of new affordable housing. In addition, rental and purchase units are created under the City’s 10% Affordable Housing Goal.

AP-60 Public Housing – 91.220(h)

Introduction

The Roseville Housing Authority (RHA) administers the Housing Choice Voucher Program for both the City of Roseville and the City of Rocklin. The RHA administers 823 Roseville Housing Choice Vouchers which include 85 Veterans Affairs Supportive Housing (VASH) Vouchers, 43 Mainstream Vouchers, 75 Non-Elderly Disabled (NED) Vouchers and 50 Emergency Housing Vouchers (EHV). VASH Vouchers provide housing assistance to homeless veterans that is coupled with services provided by the Veterans Administration. Mainstream Vouchers are reserved for households with a disabled family member between the ages of 18 and 62. NED Vouchers are limited to families with a disabled head of household or spouse that is under age 63. EHV vouchers are reserved for those who are homeless or at risk of homelessness. RHA does not own or operate public housing units.

RHA acts in accordance with federal regulations relating to persons with disabilities. RHA has implemented fair, thorough, and accessible reasonable accommodations request process. Private owners participating in the voucher program are expected to understand and comply with all federal, state, and local laws as they relate to nondiscrimination and accessibility for persons with disabilities.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The RHA does not own or operate any public housing units.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

HUD has not designated RHA as a troubled housing authority.

Discussion

The City of Roseville supports the provision of affordable housing opportunities offered by the Roseville Housing Authority. These include Housing Choice Vouchers for both the City of Roseville and the City of Rocklin, Veterans Affairs Supportive Housing Vouchers (VASH) and Mainstream Vouchers for non-elderly persons with disabilities.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Roseville actively participates in the Placer County Continuum of Care CA-515 (CoC) and the Homeless Resource Council of the Sierras (HRCS). HRCS is a regional planning group acting as the collaborative applicant for the Placer and Nevada County CoCs and documents the demographics of persons experiencing homelessness through the Homeless Management Information System (HMIS). Member agencies of the Placer CoC include: Placer County Adult System of Care, Placer County CalWORKs, The Gathering Inn, Volunteers of America, Enhanced Care Management, Whole Person Learning, AMI Housing, Stand Up Placer, Placer Independent Resource Services, Project Go, City of Roseville, City of Rocklin, and Tahoe/Truckee Health and Human Services.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The member agencies of the CoC take primary responsibility for outreach to homeless persons residing in the City. Member agencies include Placer County Adult System of Care, Placer County CalWORKs, The Gathering Inn, Volunteers of America, Enhanced Care Management, Whole Person Learning, AMI Housing, Stand Up Placer, Placer Independent Resource Services, Project Go, City of Roseville, City of Rocklin, and Tahoe/Truckee Health and Human Services. The City provides CDBG funds to several of these agencies to support this important work.

The Placer Collaborative Network (PCN) was created to bring community leaders together to develop creative solutions for change surrounding homelessness. As a member of PCN, the City is involved with on-the-ground projects, leadership development, linkages and referrals to services; and creative and collaborative solutions for the most pressing community issues in Placer County through collaboration, creativity and service.

The City supports the following outreach and assessment activities:

- Continuum of Care (CoC) administration of coordinated entry for all households who are entering the homeless system or are at risk of homelessness.
- CoC coordination of outreach to homeless households (especially unsheltered persons) to assess individual needs using a coordinated entry and common assessment tool; collection of information to determine the underlying issues and risk factors and develop a plan to address those issues.
- Continuation of street outreach conducted by the Social Services Unit of the Police Department

and the Placer County Enhanced Care Management program.

- Reduction of recidivism through system-wide implementation of evidenced-based practices known to effectively address trauma and address cycles into homelessness.
- Addressing the emergency shelter needs of people living outside through increased street outreach and assessment of their health needs.
- Implementation of a low and no-barrier approach to housing and outcome-based reporting that uses measurements to assess appropriate use of funds and program success.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City has identified affordable housing and addressing homelessness as its two top priority needs and goals for the 2020-2024 Consolidated Plan. The City supports the following activities with a combination of HUD CDBG funds, State funds and local funds when available:

- Provision of emergency shelter with a focus on case management and supportive services
- Transitional housing programs
- Rapid re-housing for persons at risk of homeless or who recently became homeless

Additionally, short-term strategies include but are not limited to the following:

- Expanding street outreach efforts to prioritize the needs of persons living outside, especially those whose health is compromised. These efforts are being extended through the Social Services Unit of the Police Department and the County's Whole Person Care program.
- Sustaining existing emergency shelter inventory and helping those in shelter exit to permanent housing through rental assistance and case management addressing specific barriers to obtaining and retaining housing. Through the Placer County Housing Coordinators, Roseville Housing vouchers, and the Whole Person Care staff noted above, more individuals are existing to permanent housing options.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Persons experiencing homelessness often require supportive services to make a successful transition into a permanent housing situation. The following efforts support individuals and families transitioning to permanent and independent living situations in Roseville. The City provides funding to most of these

programs.

Roseville Housing Authority administers the following special voucher programs:

- 85 HUD-VASH vouchers. VASH vouchers provide housing assistance to homeless veterans and veteran families, coupled with supportive services provided by the Veterans Administration. Volunteers of America also assists veterans and veteran families through the Veterans Families Program and Homeless Reintegration Program.
- 43 Mainstream vouchers. Mainstream vouchers are reserved for households with a disabled family member between the ages of 18 and 62 that are homeless or at risk of homelessness.
- 50 Emergency Housing Vouchers (EHV). EHV vouchers are reserved for those who are homeless or at risk of homelessness.

Additional community resources serving special populations include:

- The Transition to Independence Process (TIP) serves Transition Aged Youth ages 14 to 24 who are experiencing emotional and/or behavioral difficulties. Youth receive assistance to make a successful transition into adulthood.
- The Placer County Whole Person Care program provides services to persons who are homeless or at risk of homelessness who are high users of multiple services, including emergency departments, probation, mental health and substance use programs and social services to coordinate physical health, behavioral health, and social services.
- Advocates for Mentally Ill Housing (AMI Housing) provides case management, housing and support services to individuals with mental illness including homeless and persons at risk of homelessness.
- The Gathering Inn provides emergency homeless shelter services and mental health clinician services for homeless individuals and families with children.
- Volunteers of America Home Start program provides shelter, housing and supportive services to individuals and families with children who are experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Both affordable housing and supportive services are needed in the community to enable persons with special needs to live independently and to avoid becoming at risk for homelessness or at risk of institutionalization. The following services are available in the City of Roseville:

- The City provides funding for rapid re-housing to help at risk individuals and families to avoid entering

a cycle of homelessness.

- The Roseville Housing Authority administers 43 Housing Choice Voucher Mainstream Vouchers reserved for households with a disabled family member, and 75 Non-Elderly Disabled Vouchers that provide rental assistance to make housing affordable even to households at the extremely low-income level.
- The Placer County Department of Health and Human Services, Adult System of Care provides assistance to vulnerable populations throughout the county, including Roseville residents. The agency provides mental health services, substance abuse treatment, in-home support services for elderly and disabled; and also operates housing programs for clients.
- Advocates for Mentally Ill Housing (AMIH) provides case management, permanent supportive housing and other services to individuals with mental illness including homeless and persons at risk of homelessness.
- KidsFirst offers intensive social services and individual therapy to children and families with young children.
- The Transition to Independence Process (TIP) serves Transition Aged Youth ages 14 to 24 who are experiencing emotional and/or behavioral difficulties. Youth receive assistance to make a successful transition into adulthood.

Discussion

Homelessness continues to be of concern in the City of Roseville. The City actively participates in the Placer County Regional Homelessness Response Planning Team that meets monthly to discuss homelessness on a regional level. The City also has an Internal Homelessness Team that consists of members of the Housing Division, the City Manager's Office, City Attorney's Office, Police Department and Parks and Recreation. This team meets monthly to discuss how to best coordinate City services.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The most significant barrier to affordable housing in the City of Roseville is the cost of land, construction and financing. The City targets housing resources, including entitlement CDBG and State of CA HOME Funds, to the creation and preservation of affordable rental units and permanent supportive housing for low-income and very low-income households.

In 2019, the City completed a regional effort that updated the 2000 Analysis of Impediments to Fair Housing Choice (AI) pursuant to the 2015 AFFH Final Rule. The City shall continue to actively participate in the ongoing region-wide collaborative effort to improve fair housing choice and affirmatively further fair housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The following is a summary of the City's plan to address public policies that may impact affordable housing development as noted in the 2021 Housing Element.

- **Development Process.** To expedite project facilitation and provide internal support to project applicants, the City established the Development Advisory Committee to function as a liaison building relationships between the City and development community, providing input into delivery of development services, cost of services, construction standards, development impact fees, and other development service policy areas. The City will continue to review its fee system and work toward graduated fees as a means of reducing the cost of housing development. The City's Development Services Department works with the Development Advisory Committee.
- **Review of Subdivision Improvement Standards and Zoning Ordinances.** The City will review and modify its Subdivision Improvement Standards, where reasonable, to provide cost savings in the development of residential units while continuing to ensure the public health, safety, and welfare.
- **Public Education Program.** The City will continue to educate its citizens regarding the necessity of providing the affordable housing needed to support the job growth occurring in Roseville. Specifically, this information will focus on the need to provide affordable housing in close proximity to jobs in an effort to reduce the traffic and air quality impacts that result from long commutes. In addition, the City will continue to monitor community opposition to affordable housing projects in an effort to remove negative perceptions. Education will occur through public hearings, presentations to various service organizations, and other community groups, articles published in the local newspaper, the City's newsletter.
- **Public Participation.** The Planning Division will continue to encourage developers to meet with interested parties before the public decision making process begins. Preliminary neighborhood forums

allow persons directly affected by the project to have their questions and concerns addressed early in the planning process.

- Fair Housing: The City will continue to provide assistance regarding equal housing opportunities through its Housing Division and Housing Authority. The City of Roseville will continue its collaborative Housing Education Campaign to provide fair housing counseling workshops and one-on-one counseling for Roseville residents, landlords/property owners, and tenants, with counseling provided by Legal Services of Northern California through the City's Fair Housing Education Program. In addition to the provision of workshops and one-on-one counseling, the City's website includes fair housing information and referral service data with links to other Fair housing resources. The City has also contracted with Project Sentinel, a Fair Housing Services provider, to provide outreach and education regarding fair housing for both landlords and tenants of Roseville.

AP-85 Other Actions – 91.220(k)

Introduction:

The City of Roseville 2024 Annual Action Plan targets CDBG funding to address needs and strategies identified in the City's 2020-2024 Consolidated Plan.

One of the primary obstacles to meeting underserved needs of residents is the availability of funding. The City actively seeks additional funding opportunities and will continue to do so when funds are available. The City collaborates with private, non-profit and governmental partners to maximize benefits to needy and vulnerable residents.

Actions planned to address obstacles to meeting underserved needs

Throughout the public participation process, the community emphasized the need for more affordable housing, shelter, homeless services, mental health services and services for seniors. The City will provide 2024 CDBG funding to support the development of affordable housing, rental assistance for persons with mental illness, food and nutrition services for seniors, to mental health counseling for families with children, services for veterans, services for victims of domestic violence, and to rehabilitation of owner-occupied homes for low-income residents.

Actions planned to foster and maintain affordable housing

The City will continue to implement the 10% Affordable Housing Goal to increase the number of rental and purchase units affordable to very low-, low-, and moderate-income households. As a part of this process, the City will support private development of affordable housing by assisting with funding to leverage the use of Low Income Housing Tax Credits (LIHTCs) and Tax Exempt Bond financing. State of California HOME Program Income and CDBG funds, when available, will be used to continue to expand the City's Owner-Occupied Housing Rehabilitation Program for low-income homeowners.

The Roseville Housing Authority will apply for additional Section 8 Housing Choice Vouchers, if made available, to increase the number of extremely low- and very low-income households receiving rental assistance. As noted above, 2024 CDBG funds are allocated to support the development of affordable housing, rehabilitation of owner-occupied homes, and rental assistance for persons experiencing homelessness.

Actions planned to reduce lead-based paint hazards

The City's Owner-Occupied Housing Rehabilitation Program requires inspections for the presence of lead-based paint and the potential hazard such paint may pose to occupants for all units built prior to 1978. If the inspection reveals that a potential hazard exists, the City requires the mitigation or removal of the lead-based paint hazard in accordance with HUD guidelines. The City addresses the issue of lead-

based paint hazards by providing lead-based paint hazard notices to landlords and tenants who participate in the Housing Choice Voucher Program, to all participants of the Housing Rehabilitation Program. Additionally, all rental units that are rehabilitated with CDBG or State of CA HOME Funds are subject to lead-based paint compliance requirements. The creation of new affordable housing units and reduction of hazards through rehabilitation of older units provides low-income households with homes that are free of lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

FY2024-25 CDBG funds will be used to support case management and counseling that will assist participants to access income assistance such as Disability Insurance, Social Security or Temporary Aid to Families (TANF); and employment counseling to obtain jobs, when possible, to sustain family wealth.

The Roseville Housing Authority Family Self Sufficiency Program (FSS) is a voluntary program designed to assist families to access community resources and achieve self-reliance through education, job training, and other supportive services. The FSS Coordinator establishes a supportive case management relationship with participants and provide guidance to help define career goals, identify and reduce the barriers to achieve those goals, and access resources that foster independence from public assistance programs. Participants are eligible for an interest-bearing escrow account for wealth generation as an incentive for full program participation.

Actions planned to develop institutional structure

The City actively participates in the Placer County Continuum of Care CA-515 (CoC) the Placer Collaborative Network, and the Homeless Resource Council of the Sierras (HRCS). HRCS is a regional planning group acting as the collaborative applicant for the Placer and Nevada County CoCs and documents the demographics of persons experiencing homelessness through the Homeless Management Information System (HMIS). Member agencies of the Placer CoC include: Placer County Adult System of Care, Placer County CalWORKs, The Gathering Inn, Volunteers of America, Enhanced Care Management, Whole Person Learning, AMI Housing, Stand Up Placer, Placer Independent Resource Services, Project Go, City of Roseville, City of Rocklin, and Tahoe/Truckee Health and Human Services.

Actions planned to enhance coordination between public and private housing and social service agencies

The City relies on private, nonprofit organizations as well as for-profit developers to build new affordable units and to rehabilitate existing housing units. City staff will continue to work closely with these entities to ensure that as many new affordable units are produced as possible in each year, in addition to maintenance of existing affordable housing stock. The City relies on the nonprofit service sector to provide emergency shelter, transitional and special needs housing and services to special needs and homeless populations. The City will continue to support these organizations and

their activities to the fullest extent possible.
