RESIDENTIAL ELECTRICAL Electronic Submittal Checklist

For an electric service upgrade/panel replacement please see [Residential Electric Service Upgrade/Panel Replacement Procedure](#), approval from Roseville Electric is required prior to submitting a pre-application.

Please initiate a pre-application in the [Online Permitting Services \(OPS\) Portal](#) and select the following scope of work descriptions from the drop downs.

- Residential
- Do home repair or maintenance
- Electric service replacement or upgrade

Enter your project information and attach the following items. Be sure to select the document type as identified below. All attachments must comply with [Roseville Electronic Plan Review Document Submittal Requirements](#).

DOCUMENTS

- Title 24 energy calculations, if applicable

Once your pre-application has been processed, you will receive a request for payment. Please note, for projects requiring plan review, your submittal will not be distributed to applicable City departments and the plan review period will not begin until payment has been received.

We encourage all applicants to utilize the OPS Portal to submit, but applicants may also submit in-person at the Permit Center. To submit at the Permit Center, please provide the items listed above along with a completed [Building Permit Application](#) on a USB drive or similar data storage device.
