NOISE ORDINANCE EXCEPTION

Process:

Within ten (10) days of receipt by Planning of a request for a Noise Ordinance Exception, the City Manager or his or her designee shall either (1) approve or conditionally approve such request in whole or in part, (2) deny the request, or (3) refer the request directly to the City Council for action at the next available Council meeting in accordance with the provisions of Municipal Code Chapter 9.24. In the event the exception is approved, reasonable conditions may be imposed which minimize the public detriment and may include restrictions on sound level, sound duration and operating hours, an approved method of achieving compliance and a time schedule for its implementation.

Where a request for exception is associated with a discretionary permit, the exception shall be processed concurrently with the discretionary permit. The approving authority for the discretionary permit shall also be the approving authority for the exception. Factors which the approving authority must consider for requests for exception shall be those factors identified in Municipal Code Section 9.24.070.A.B. and D. dependent upon the type of exception requested. The approving authority for an exception processed with a discretionary permit shall either (1) approve or conditionally approve such request in whole or in part, or (2) deny the request.
