Step One – Check the Map

To begin, look at the service map on pages 10–11 and find the routes that serve your travel needs. Letters designate the routes. Please keep in mind that you may need to take more than one route during your trip. Once you have identified your routes, you are ready to look at the schedules. Bus stops are identified on the map using the following icons. The numbers in each circle match those on the route map. This helps you to pinpoint bus stop locations.

- 1 **Bus Stop** – The bus stops only if there is a passenger boarding or exiting the at the stop.
- 1 **Timed Stop** – The bus always stops at this location and leaves at the scheduled time as shown on the route schedule.
- 1 **Transfer Point** – The bus leaves at the scheduled time as shown on the route schedule. Departures are scheduled to help passengers switch to other routes or transit providers.

Step Two – Check the Schedules

Route schedules are listed by letter and color in this guide. Find the schedule for the route you are riding. General route descriptions are shown at the top of the pages. In the schedules, read left to right to find the time the bus will get to your destination. Read top to bottom to determine the times buses serve a bus stop.

Next, check the header for the stop 1 where you want to board the bus. If that stop is not a Timed Stop 1 or a Transfer Point, then find the closest Timed Stop or Transfer Point on the schedule prior to where you want to board. You may have to estimate when the bus will arrive. It's a good idea to wait at the stop approximately five minutes before your bus is anticipated to arrive.

Use the TripShot mobile app to view real-time information for your bus by visiting roseville.ca.us/TripShot.

Step Three – Check the Fare

Review the fares on page 2 of this guide. Single cash fares are valid for one boarding. If you plan on riding the bus frequently or taking several routes, it may be more affordable and convenient for you to purchase Daily, 10-Ride, 30-Day Passes, or use a Connect Card.

Step Four – Board the Bus

All bus stops are marked with a Roseville Transit bus stop sign which lists the route(s) serving that stop.

As the bus approaches, make sure the driver can see you. Check the display above the bus

windshield to verify you're catching the correct bus.

Be prepared to board by standing away from the curb until the bus has made a complete stop. Before boarding, allow passengers to exit and permit the driver to assist any passengers with disabilities.

Board the bus and tap/insert your pass or exact fare in the fare box. Or tap your Connect Card. If you're paying cash, **exact change is necessary** since drivers cannot give change. If you are paying a discounted fare, the proper form of identification must be shown to the driver (see page 3).

When the bus is moving, stay behind the standing line and out of the stairwells. If the bus is crowded, please move to the rear when you board. If standing, please hold onto the stanchions or overhead straps while the bus is in motion.

Step Five – Exit the Bus

When the bus is about one block from your stop, use the stop cord located by the window to signal the driver. After the bus has come to a stop, you may exit.

Bike Racks

All buses are equipped with two front-mounted bike racks, available on a first-come, first-served basis.

Loading Your Bike

1. Remove water bottles and other loose items.
2. Tell the driver you will be loading your bike.
3. Always load/unload your bike close to the curb.
4. Lower the bike rack from folded position until it's parallel to the ground. Once lowered, place your bike in the rack.
5. Raise the support arm over the top of the bike's front tire.
6. Board the bus.

Unloading Your Bike

1. Alert the driver that you will be unloading your bike at the next stop.
2. Approach the bike rack from the curb; lift the support arm.
3. Lift bike off the rack. If there is no other bike on the rack, fold up the rack.
4. Step away from the bus with your bike.

Folding Bikes

When the bicycle rack is occupied, a folding bicycle may be stored in a carrier bag when boarding, and it remains in your control and does not block the aisle. When capacity is an issue, folding bicycles must be stored under an aisle-facing seat (maximum 12" height when folded.)

Accessible Service

The seats closest to the front of the bus and near the door are reserved for elderly and disabled passengers.

Roseville Transit can transport passengers with mobility devices provided they can be loaded and secured safely. If we are unable to load and safely secure a passenger's mobility device, the passenger may be denied service until they are able to substitute a mobility device that we are able to load and secure safely. Call (916) or (530) 745-7560 for a mobility consultation, or for more information.

All buses are equipped with lifts or ramps, and the ability to "kneel" by lowering the front steps, making boarding easier. All buses are also equipped with securement areas. Assistance with passenger lifts, mobility device securement, and fare payment is available when necessary or upon request.

Carry-On Baggage

Shopping bags, luggage, and other carry-ons are limited to only those items passengers can safely carry on the bus in one boarding and without blocking the aisle. Passengers must have control over carry-on items at all times.

Lost and Found

Roseville Transit is not responsible for items left on a bus or at a bus stop. To check to see if your item has been found, call (916) or (530) 745-7560.

Primer Paso – Mire el Mapa

Para empezar mire el mapa de color en medio de este guía y halle las rutas que operan que sirve sus necesidades de viaje. El mapa usa colores y letras para designar las rutas. Favor tenga en mente que tal vez pueda que tomar más de una ruta durante su viaje. Ya que haiga identificado sus rutas, está listo para mirar los horarios. Las paradas del autobús están identificadas en el mapa usando los siguientes iconos.

1 **Parada de Autobús** – El autobús para solamente si hay un pasajero abordando o bajando del autobús en esta parada.

1 **Parada de Medida** – El autobús sale al horario programado cómo está indicado en el horario de rutas.

Punto de Transferencia – El autobús sale al horario programado cómo está indicado en el horario de rutas. Salidas en estas paradas están programadas para ayudar a los pasajeros cambiarse a otras rutas o proveedores de tránsito.

Segundo Paso – Mira los Horarios

Horarios están alistados en orden alfabética en este guía. Encuentre el programa para su horario para la ruta que está viajando. Lea de izquierda a derecha para hallar la hora que el autobús llegará a su destinación. Lea de arriba así abajo para determinar los tiempos entre autobuses en cualquier parada individual de autobús.

En seguida, revise el letrero para la parada donde quiere abordar el autobús. Si esa parada no es una Parada Medida o un Punto de Transferencia, entonces halle la Parada Medida o Punto de Transferencia más cerca en el horario antes de donde quiere abordar. El autobús saldrá de esa parada en el horario indicado en el programa de ruta. Llegue a la parada cinco minutos antes del horario que su autobús está programado de salir.

Tercer Paso – Revise la Tarifa

Revise las tarifas en la página 31 de este guía. Tarifas singulares son buenas para un solo abordaje. Si planea viajar el autobús frecuentemente, tal vez le será más conveniente de comprar libros de boleto de multi-viaje o pases mensuales.

Para tarifas de descuento tarjetas de ID son necesarias para validar su descuento al abordar.

Cuarto Paso – Aborde el Autobús

Al aproximarse el autobús, esté seguro que el chofer lo puede mirar. Revise el letrero arriba del parabrisas del autobús para verificar que está agarrando el autobús correcto.

Esté preparado para abordar parándose lejos de la acera hasta que el autobús ha hecho una alto completo. Antes de abordar, permita que los pasajeros bajen y permitirle al chofer de asistir a pasajeros en sillas de ruedas.

Aborde el autobús y deposite su boleto o tarifa exacta en la caja de tarifa, o enseñe su pase. *Se requiere cambio exacto ya que los choferes no dan cambio.* Si está pagando una tarifa de descuento, le tiene que enseñar la propia forma de identificación al chofer.

Cuando el autobús se está moviendo, manténgase atrás de la línea de parar y fuera de el área de escalones. Si está apretado el autobús, favor muévase así atrás cuando aborde. Si está parado, favor deténgase a los barrotos o las agarraderas de arriba mientras el autobús está en moción.

Quinto Paso – Saliendo del Autobús

Cuando el autobús está cómo a una cuadra de su parada, use el cordon de parada ubicado al lado de las ventanas para señalarle al chofer que su parada se está aproximando. Después que el autobús ha llegado a un alto completo, recoga sus pertenencias y salga del autobús.

Servicio Accessible

Asistencia con alzamiento de pasajero, silla de ruedas asegurada, y pago de tarifa está disponible cuando sea necesario y al pedirse. Los choferes están requeridos de asegurar que todas las sillas de ruedas estén aseguradas antes de proceder. Para seguramiento más fácil y rápido, agarraderas están disponibles llamando al (916) 745-7560.

Todos los autobuses están equipados con rampas o la habilidad de “arrodillarse” bajando los escalones de enfrente, haciendo abordando más fácil. Favor déjele saber al chofer si necesita asistencia.
