

# Programs & Services

Community Services: The Community Services Department provides family support services to adults and children in order to promote the health and well-being of community members and their families. Services include support for adults with disabilities, mental health support, Indian Child Welfare Act (ICWA) advocacy and intervention, foster care, substance abuse counseling, and referrals to rehabilitation and treatment.

Education: The Education Department operates a Pre-K – 8<sup>th</sup> grade Tribal school and offers Community Education services. Those services are available for students of all ages, including tutoring, cultural and other extracurricular activities, homeschool support, and college tuition assistance.

Facilities & Maintenance (F&M): The F&M Department is responsible for maintaining Tribal properties. This includes building maintenance and upkeep responsibilities, land access and fire safety issues, and event support.
