

# UNLOCK ENERGY SAVINGS WITH ROSEVILLE ELECTRIC UTILITY'S NO-COST ENERGY ASSESSMENT!

## WHY CHOOSE US?

- » **No-Cost Energy Assessment:** Take advantage of our complimentary energy assessment to identify inefficiencies and save on utility bills.
- » **Expert Analysis:** Our skilled assessors will conduct a thorough evaluation of your facility's energy usage, providing you with actionable insights.
- » **Comprehensive Reporting:** Receive a detailed report with energy-saving recommendations, cost estimates, and available incentives.

## FOUR STEP PROCESS:

- 1 Marketing:** We reach out to inform you about our no-cost energy assessment and record your interest.
- 2 Screening:** Our assessors coordinate site visits and gather preliminary data to ensure a smooth evaluation.
- 3 Assessment:** We perform a thorough walkthrough, inspect equipment, analyze utility data, and benchmark energy use to identify inefficiencies.
- 4 Report:** Receive a comprehensive report with energy-saving measures, financial analysis, and a presentation to guide you through the next steps.

## BENEFITS:

- » **Energy Savings:** Reduce your energy consumption and lower utility bills.
- » **Environmental Impact:** Contribute to a greener environment by implementing energy-saving measures.
- » **Incentives:** Take advantage of available incentives to offset the cost of energy-saving upgrades.
