Purpose

The City of Roseville Parks, Recreation & Libraries (PRL) has established a policy to define the standard process for borrowing library materials and services usage.

Policy

Types of library cards

- A **permanent library card** allows customers to borrow materials AND use online services.
- A **temporary self-registered card** includes usage of online services and is obtained via the online library catalog. Registrants may use online services for up to 30 days, and then the account is marked as expired. After 90 days from registration, the account will be deleted if not upgraded to a permanent or public computer card account.
- A **public computer card** includes usage of public computers and may be issued without photo identification. No physical items may be borrowed using this type of card. To upgrade a public computer card to a permanent card the customer must bring in photo identification to the front desk of the library.
- A **student card** allows students 17 years or younger to obtain a library card with photo identification. A student card has a two-book limit and access to our online services and public computers. To upgrade a student card to a permanent card the student must have a parent/legal guardian/responsible adult sign and accept responsibility for the card.

How to get a Roseville Public Library card

Anyone can apply for the Roseville Public Library card by submitting a paper or online application and providing required identification. All initial library cards are provided free of charge.

All permanent cards must be signed by an adult 18 years of age or older. The signing adult becomes responsible for a child's account and agrees to pay all fines and fees incurred before the child turns 18 years old.

The customer is responsible for notifying the library immediately if their card is lost or stolen.

Library Material Recovery

When library materials are borrowed and become overdue, notices are sent out as a courtesy to remind the customer to return or renew the item(s). The library is not responsible if notices are not received. It is the customer's responsibility to notify the library of any changes to their contact information. If the item(s) are not returned, the customer is charged the full replacement cost of the item(s). The library materials recovery process is initiated when:

- a. The borrower has materials that are 60 days overdue and owes \$50.00 or more or a borrower's fines and fees total \$50.00 or more and there has been no payment activity on their account for 60 days.
- b. If an account meets the above criteria they are referred to a library material recovery agency for a final recovery notice.
- c. A nonrefundable \$10 fee will be added to any accounts referred to a library material recovery agency. Customers may continue to use online resources and public computers with their library cards even if the library materials recovery process is initiated.
